

List of Trees of the Year 2021 – 2035

Dendrological Society of South Africa

The extended list of trees of the year now has a **Common Tree**, a **Tree for Promotion** and a **Tree for Appreciation**. The **Common Tree** is a species or genus occurring widely, and / or easy to grow. The **Tree for Promotion** is a species or genus that may be less widely adapted but is not uncommon. The **Tree for Appreciation** would be a tree species or genus that is generally more restricted in its distribution range or suitable habitat.
